18 NOV Pennebaker Fifth Ring Wins 'Agency of the Year' at BMA Houston's 2010 Lantern Awards of Texas FOR IMMEDIATE RELEASE

Houston, TX—November 18, 2010—Pennebaker Fifth Ring (Pennebaker), the award-winning branding and corporate communications firm, was named 'Agency of the Year' at the **Business Marketing Association (BMA) Houston's 2010 Lantern Awards of Texas**. Pennebaker was also awarded with two Lantern Awards and two Awards of Excellence. The event was held at the Petroleum Club of Houston on Tuesday, November 16, 2010.

The Lantern Awards of Texas competition is designed solely for marketers and producers of business-to-business communications. Entries include a statement of objectives, strategy, target audience, and results that are then judged to a blind panel to determine how well each entry generates attention, interest, desire, and action from a targeted business audience.

Pennebaker was recognized for work in rebranding, logo development, motion graphics, and newsletters among the finalists whose agency clients included Equipment Co., LLC, Shelton Group, Inc., Empire Foods, F&P Architects, and Green Bank. Best in Category Lantern Awards were awarded for F&P's motion graphics and Green Bank's logo. Pennebaker's work with Empire's rebranding and Shelton's newsletter was recognized by Awards of Excellence.

The Agency of the Year award is selected from an individual category Lantern Award winner by the judges. Pennebaker was chosen for its work with F&P Architects in motion graphics.

"We are delighted to receive the two Lanterns and the two Awards of Excellence that showcase a wide range of work for our clients," said Ward Pennebaker, Principal at Pennebaker. "The Agency of the Year award is just

PressRelease

16 AUG Pennebaker Fifth Ring Selected for Inclusion in Graphic's 100 Best Annual Reports 2011 FOR IMMEDIATE RELEASE

Houston, TX – August 17, 2011 – Pennebaker Fifth Ring, the award-winning integrated corporate communications firm, was selected for inclusion in Graphic's 100 Best Annual Reports 2011 for its Power Industries' annual report submission "A Story of Destruction."

Power provides highly customized electrical engineering solutions for petrochemical, energy, utility, municipality and industrial users. Despite the cyclical nature of the industry, Power reports strong performance, largely due to their mattress service, R&D and vast knowledge base.

The annual report submission focuses on the central message that Power delivers solutions, not just heavy machinery, which differentiates them from most of their competitors. This distinction was highlighted throughout the report, visually and in text. Illustrations were used to tell the story and the images of products and facilities, though important, took second place.

"It is an honor to be selected for this submission," said Ward Pennebaker. "Graphic is among the top five most prestigious competitions in the design industry as far as design professionals are concerned. Annual reports are an important tool for business leaders, as it distills the company's vision to the investor relations community."

PFR has won a number of inclusions in Graphic's various annual reports, advertising and logos. Pennebaker Fifth Ring has produced award-winning, creative marketing and advertising for more than 25 years. The company serves clients locally, nationally, and internationally.
